NAB Gallery is pleased to announce our November group exhibition, NABLAB Volume 1: Video. The Exhibition surveys some of the many interesting trends in contemporary video art - from 3D animation to performance based practices to diaristic narrative and more - through the work of seven video artists

from Chicago and New York. Featuring artists Andrea Ackerman, Lee Arnold, Diane Derr, Zachary Fabri, Lacie Garnes, Jillian McDonald and Kathleen Vojta.

NABLAB video is an experimental initiative by NAB Gallery to provide a platform for artists to present their work, ideas and practices in their own words. NAB has conducted interviews with each of the artists in the exhibition and produced a limited edition DVD which includes the interviews and excerpts of the works discussed.
